

STOOL

PLOCKEPINN 049

The Plockepinn family consists of two stools and a bench, with innovative design and construction. It was originally a bar stool, which became so popular that it got two new family members.

The bar stool Plockepinn 049 is made of birch and is 63 cm high. As standard, Plockepinn can be ordered in clear lacquered birch, or stained in white or black.

Möbelfamiljen är tillverkat i FSC-certifierat björk och är märkt med Möbelfakta. Formgiven av Helena Svensson.

DIMENSIONS

Height	63 cm
Width	36 cm
Depth	36 cm
Seat height	63 cm

ADDED VALUE

- Available as a stool or bench
- Sticks in different heights for flexible sitting
- The stool is available in two seat heights, 63 and 76 cm
- Any NCS color
- Tested for public use and meets the requirements for durability & safety, set forth in the following standard, EN 16139

ACCESSORIES

- Frame in oak or birch
- Frame in any NCS color
- Footrest protection

REUSE

- Solid wood

METAL

- For regular cleaning, use a lightly moistened cloth with a mild detergent without solvents or abrasives.
- For heavily soiled surfaces, a cloth moistened with alcohol can be used.
- Disinfection can be done with alcohol if the surface is dried afterwards.

WOOD

Wood is a living material whose grain from the very beginning has a natural variation in pattern, color tone and luster. The wood is affected by, among other things, the season, heat and humidity. That wood is a living material means:

- Screws need to be re-tightened regularly, at least once a year.
- Solid table tops can naturally warp by up to 0.5%.
- Light from the sun and lighting can cause permanent color and light differences in the surface, so allow the entire wooden surface to be exposed to the same amount of light.

Out of concern for the environment, we paint a large part of our range with water-based surface treatments. This means:

- Spills of coffee and other liquids need to be wiped up immediately.
- For cleaning, hand washing detergent or pH-neutral detergents and lukewarm water are recommended. Wipe off with clean water and wipe dry. Do not use cleaning agents that are alkaline, aggressive, contain abrasives or solvents.
- For disinfection, non-alcohol-based agents are recommended, e.g. Virkon or DAX Alco Free. Alcohol-based agents must not be used.
